

Tom Price Community Resource Centre

The Tom Price Community Resource Centre provides the community with technology, education, and support with learning. This includes providing access to Government online information, access to Westlink TV, internet access, desktop publishing facilities, printing, laminating, binding, professional services and resume writing.

Quiet and private space for work or study is also offered by the Community Resource Centre, with meeting rooms capable of video conferencing (\$35 set up fee additional to room hire) and event space suitable for lectures, workshops and programs available for hire.

Social, business and educational community events are run on a regular basis by the Centre, so keep your eyes peeled for information.
